CHECK OUT THE **17** STATES UTILIZING **halt.**

A few reasons our partners love HALT:

- Enables states to drastically **increase capacity** to address chronic diseases and promote health
- Reaches populations of focus who are unable to attend in-person sessions via HALT's **on-demand nature**
- Allows participants to address **multiple-diseases on one platform**
- Reduces **overhead costs** by promoting community access to the HALT platform at **no-cost**
- Creates opportunities for **program revenue and sustainability**
